

LATE ADMISSIONS POLICY 2024-2025 SCHOOL YEAR

This Policy is for applicants interested in admission in 7th and 10th grades. Applications are not accepted for students entering grades 8, 11, or 12.

Who is eligible to apply?

Students currently in 6th and 9th grades applying for entry into 7th and 10th grades.

What is the criteria for Late Admissions?

Ingenuity calculates an Admissions Score for each applicant. Students are offered seats only if available and if the applicant's composite score falls within a range of students currently in the program. For the 2024-25 school year, Ingenuity's composite score will consist of the following:

- 5th grade final grades and 6th grade first quarter (or trimester) grades in Math, Science, Social Studies, and English Language Arts.
- 2023 Math MCAP Assessment Results
- 2023 ELA MCAP Assessment Results
- Ingenuity's NWEA MAP Algebra 1 Assessment Results (for high school applicants only)

All Late Admissions Applicants must upload digital copies of the Report Cards in the application. The Report Cards must include a numeric grade and if the school only provides letter grades, the applicant must ask the school for the numerical equivalent using the [Ingenuity grade conversion form](#). By applying, the applicant's parent or guardian is giving consent for Ingenuity to receive other test scores or academic data from Baltimore City Public Schools to calculate Ingenuity's composite score if needed.
